## REFUSE BAIL TO DAVIS'

To be Held in County Jail Charged With First Degree Murder.

Examining trial for Vester Davis was held at the court house Monday before Judge Elvis J. Stahr. Davis, with his father, Land Davis, was charged with the murder of Fred Evans, which occurred Wednesday afternoon, February 23. Vester made his escape immediately after the killing and was not caught until week before last, when he was apprehended by St. Louis officials in East

VESTER DAVIS

St. Louis. He was brought here and his examining trial held Monday.

The circuit court room in which the case was heard was crowded with spectators throughout the trial, and a large number of witnesses were called to the stand. The testimony differed but little from that offered at the trial of Land Davis, about two weeks previous.

Vester Davis testified that he fired the shot which sent the bullet into the side of Fred Evans, but testified that the wound in Evan's head was not caused by a shot from the gun in the hands of Land Davis. He said that the wound was a result of a blow which he himself dealt Evans with the back of the barrel of his pistol, which was a .38 calibre Colt special. Previous testimony had seemed to indicate that the head wound had been caused by a shot from the snailer gun—about a .25 calibre—which Land Davis had had, and for the possession of which, it seemed from testimony presented, a struggle was taking place.

County Attorney D. L. McNeill, assisted by Attorney H. T. Smith, of Fulton, handled the case for the commonwealth, while the defendant was represented by Attorneys F. S. Moore and C. P. Mabry.

After brilliant arguments on both sides, Judge Stahr sentenced the defendant to jail without bail to await the action of the May term of circuit court, making the same disposition of Land Davis, whose case he had previously suspended judgment on, and a charge of wilful murder was placed against both Land and Vester Davis.

## BONDURANT MAN NEARLY MOBBED

Citizens Enraged at Alleged Brutality Toward 2-Year-Old Child.

At nine o'clock Sunday night County Attorney D. L. McNeill received a telephone call from George Slaughter of Bondurant, informing him that a mob was being formed with the intention of punishing L. O. Seay of that town, for alleged brutality to a two-year-old child. The child, Jessie, had been left by her mother, Mrs. Della Barrett, a widow, with her sister, the wife of Seay, while Mrs. Barrett was seeking work in Hickman, where she has made her home.

It is alleged that Seay became enraged at the child's crying and being unable to stop it, secured a stick with which he beat the baby until it was a mass of bruises and cuts. Citizens of Bondurant, on learning of the act of inhumanity, were gathering to visit punishment on the offender, when information was received here by county officials. Sheriff Swayne Walker and Deputy Joe Wall left immediately and arrived in Bondurant at about ten o'clock. They secured Seay and spirited him from town before the crowd which was gathering found out what was being done. He was brought here and lodged in the county jail.

Monday he waived examining trial and was bound over to the grand jury, with bond placed at \$500 and a charge of unmercifully and wilfully beating and bruising a child under sixteen years of age was placed against him. This offense is classed as a high misdemeanor and is punishable by a fine of not over \$500 or 12 months in jail or both.

Percy Jones returned the latter part of last week after a business trip of several days duration to points near here.

Mrs. Jno. Pyle and little daughter, Rose Amelia, spent the week-end visiting friends in Union City.

D. C. Megibben, of Cynthianna, was a visitor here during the past week.

## HICKMAN TO HAVE FAST BALL CLUB

Plan to Open the Season Here About Middle of April.

After six months' hibernation, the baseball bug has sallied forth here and has driven from the minds of the frenzied Hickman fans our precarious relations with Panama, the settlement of the differences as regards the Island of Yap, and all other questions which have been wont to trouble us lately. And the said microbe has been putting in some extra hard ticks during the last week, for from reliable authority we learn that our fair city will be represented on the local and neighboring diamonds by a fast aggregation of ball players.

We are informed by Col. C. L. Walker, who is heading the movement, that for the past week or two correspondence has been had with a large number of well known "knights of the horsehide" relative to signing up with Hickman, and prospects are growing brighter every day for a winning team here. Several players who are well known to the fans of this section have signified their desire to try out for a place on the Hickman team. Warren, Applegate, Cress, and others whose reputation here for baseball ability is as well known as is that of the above mentioned trio will probably be disposing themselves before the populace of this city in Hickman uniforms.

Plans now are to have a team consisting of thirteen men to be selected from the number who try out for a place on the team. A training season of about two weeks, including several exhibition games, will be had before the season opens.

Local business men will be asked to subscribe to a fund to be used to defray the expenses necessary to the formation of the club, over those which will be paid by the gate receipts.

## BRICE ANNOUNCES FOR MAGISTRATE

Would Represent the Voters of District No. 4 in Fiscal Court.

Leslie Brice authorizes The Courier to place his name in our announcement column this week as a candidate for the office of Magistrate of District No. 4. His candidacy is subject to the action of the Democratic primary, August 6, 1921.

Mr. Brice is a well known farmer living one and a half miles from the little town of Miller and nine miles from Hickman. He was born and reared in the district which he seeks to represent and naturally is known to every citizen of the district. He is a young man—being only twenty-eight years of age—and is a nephew of Editor Jas. Brice of the Union City News-Banner.

According to Mr. Brice he has been a life-long Democrat, always supporting the nominees of the party, and as this is his first request for any favors at the hands of the voters of his district, he feels that his claims should receive great consideration.

He tells us that he is experienced in an important part of the magistrates' duties, that of road and bridge work, having been connected with the building of the road from Ledford to Bondurant.

Realizing that the office of Magistrate is one of the most important in the county, but feeling that he possesses the necessary qualifications to fill that office, he asks that the voters of District No. 4 seriously consider his claims to the position.

Of course, before the primary election he will try to see every voter of the district personally to present his claims, but until he does so he asks that each voter reserve the pledging of his or her vote until he may see them.

## DRILLING STOPPED AT BARDWELL

Well to be Tested for Water and Sold to the City.

After several months of earnest effort to sink a well of from 1500 to 3000 feet deep, the directors of the Black Bottom Oil Co. were forced to abandon the first project and they are now looking forward to the time when they will be prepared to undertake another well.

It was found to be impossible to drive the casing further down or to pull it out, hence a charge of dynamite was exploded about 275 feet from the surface, bursting the pipe and letting the water in and as soon as the well can be tested it will be sold to the city of Bardwell.

In the meantime preliminary efforts are being made to secure more funds to drill another well.

Mrs. Gus Tubbs and little daughter, and Mr. Reading, of Memphis, John Winter, of Marianna, Ark., and John Cox, of Union City, attended the funeral of Mrs. Nannie Smith Winter, here last week.

Mrs. Fannie McCuan and Miss Sarah Melan, of Dresden, spent the past week end with their uncle, J. W. Rogers and family.

Mrs. and Mrs. M. M. Tulloss, and daughter, Miss Helen Tulloss, spent several days of the past week in Union City.

LESLIE BRICE

It appears that Europe is willing to do anything with her debts except pay them.

The fellow who does the most talking about how little sense the women have isn't thinking about running for office.

The new Secretary of War can speak Chinese, but what we want is someone who can talk so the Japs can understand it.

Maybe the reason Germany won't settle as she should is because she likes to see her name in black type in the newspapers.

## TAXED TO DEATH.

It takes revenue to run a government, be it national, state or municipal. You've got to have money for necessary expenses in government, just the same as you have to use money in ordinary, every-day business life. And no loyal, patriotic citizen is going to kick on taxes that are just and equitable.

But at the present time this country seems to be running tax-mad. Not only has the tax question become the principal problem and topic of conversation in congress, but every state legislature seems to have caught the fever. And all this comes on top of the income tax, admittedly the hardest tax burden the American people have ever had to bear. Instead of planning long-time payments so the expense of the world-war can be scattered along into the years to come, there seems to be an inclination on the part of some lawmakers to pay off the vast debt in a very few installments. And today Americans are being taxed to the breaking point.

There isn't a man in Hickman, or at least to whom we have talked, who objects to paying a reasonable amount of taxes. But when assessment after assessment is piled upon him, and when state governments begin to talk of a state income tax in addition to the national income tax, he speaks out in no uncertain terms, and doesn't mince words in condemning such legislation. No man wants to escape paying a just part of the revenue necessary to keep our government going, but he does kick, and he has a right to kick, when taxation gets to be a habit instead of a necessity.

The savage red men of the old West lived in wigwams and didn't have rent to pay. And having no rent to pay we wonder what made them savage.

The devil could have inflicted a worse punishment on Job if he had thought about it. He might have made him fill out an income tax blank.

If you believe that "charity begins at home" subscribe to the \$2500 Public Nurse fund and help someone who is not able to help himself.

## CHRISTIAN CHURCH.

Good interest is manifest in the Bible School and not only in attendance but in the study of the Bible. Last Sunday every teacher present on time. 299 Bible chapters reported read besides other reading. Every week more are reading the regular assignments. Next Sunday we will report on the 10th and 11th chapters of Second Corinthians. "Let the word of Christ dwell in you richly, in all wisdom." "If ye continue in My Word then are ye truly My disciples, and ye shall know the truth, and the truth shall make you free." 9:45 is the hour.

Communion and preaching at 10:45. Sermon subject: "How Women Amazed the Apostles."

There will be no night service that all may attend the Cantata at the Methodist Church.

Rev. E. L. Milley, Pastor.

## SHAW-BACON.

Arthur L. Shaw and Miss Lyle Bacon were quietly united in marriage in Fulton Sunday afternoon. After the marriage they left for Memphis, where they are spending a two weeks' honeymoon.

The bride is the attractive daughter of Mr. and Mrs. A. C. Bacon, of State Line, and her popularity is attested by the vast number of her friends. The groom is the son of A. M. Shaw and wife, of State Line, and is a prosperous and enterprising farmer and stock man of that section.

Best wishes.

Easter is here, if you haven't bought your new Suit, Dress, or Hat, come to day to Dobsons and get fitted at a very reasonable price.

## GUY HOWARD IN THE RACE TO STAY AND TO WIN

Will See Voters as Soon as Possible.

Greenville, Miss., March 20. To the Voters of Fulton County:

I have received several letters from my friends in regard to my race for Sheriff. I want to say that I am tied up here in the mule business for the present, but hope to wind up in a short time and come home, and in the mean time, I want every voter to know that I am in the race to stay and to win.

While I am away trying to make an honest living I will appreciate it if every voter will look up my record and see if I am worthy and capable of filling the office that means so much to you and to the county for it to be properly filled, and when I get home I will call on every voter and personally set forth my claims to the office.

Thanking those that have been so deeply interested, and hoping to see every voter soon, I am,

Yours to win,  
—Adv. GUY HOWARD.

## PRODUCTION THAT PAYS.

If you make a better mousetrap than your neighbors.  
This said that though the forest hides your hut.  
Other men will so appreciate your labors  
That they'll break a path to find you.  
and neighbors.  
After that they'll work with fountain pens and Fabers  
To bring wealth and fame upon you.  
But—

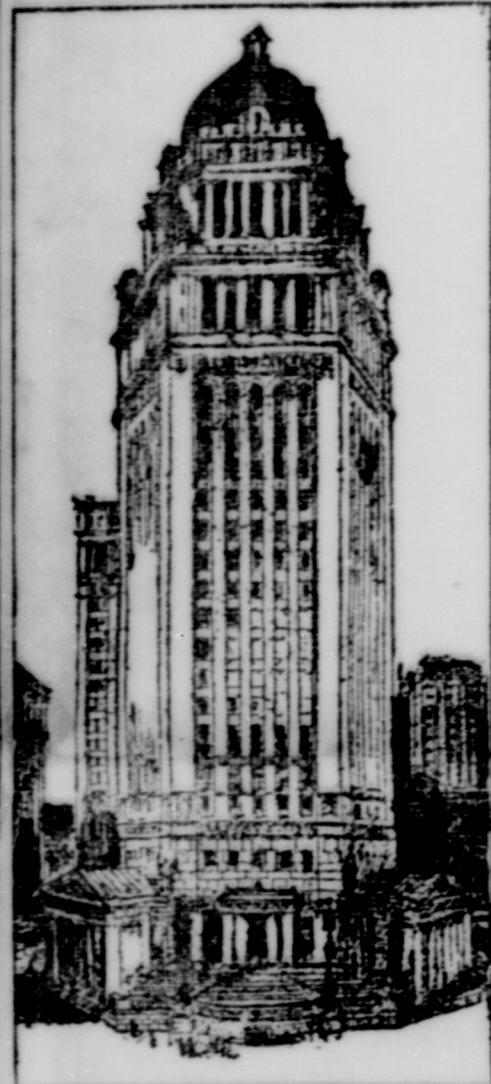

If you raise a better breed of hogs or cattle,  
Instead of paths they'll build up to your door  
A railroad track, on which will daily  
Trains bringing men from Boston and Seattle  
And half the towns which lie between, to  
Lafayette  
For all the stock you have for sale and more.

Nor can you hope to dwell on any byway.  
If you produce a truly better breed  
Of any good farm product, A great highway  
Will come to you the most direct and high way  
And you'll live easy in the soft-as-ple way.  
Because you've got the stuff folks really need.

## THE COUNTY AGENT'S COLUMN

### County Agent's Program of Work.

I am submitting this program of work with the hope and expectation that the farmers of Fulton County give me their full and hearty cooperation in carrying it out. Remember that it is through organization that we get big things done and it is through cooperation that we get organization.

I propose to push the following lines of work this year as my major projects:

1. Poultry Standardization—It is my purpose to make this county solid for white plymouth rocks. Thus far we have had fine success as between 12 and 15 thousand purchased white rock eggs have been brought in.

2. Soy Beans—I recommend planting of early soy beans (the Haberlandt variety), for seed purposes and for early hogging off. I believe soy beans for seed should be substituted in part for tobacco and cotton and probably for corn. They will make more clear money per acre than any of those crops named. We will have in this county from 500 to 1000 acres sown for seed and that will enable farmers to get a thrasher to thresh them.

3. The Home Orchard—For the comfort and profit that it adds to the rural home there should be a model home orchard on every farm and it cared for the same as other crops. Will you cooperate by planting one on your farm?

4. Farm Management—It requires about one day's time during the year to keep a farm record. Is it not worth one day's time to find out the weak points in your farm management and strengthen them? I urge you to try it.

5. Junior Club Work—I am interested in your boys and girls and I am anxious to help you give them more and better training than you were permitted to get. I am sure we have common desires along this line and you can help me carry this item out by putting your children in the Junior Agricultural Club.

The minor projects will not receive so much attention because they are pretty well started. They are: 1. Dairying; 2. Soils and Crops; 3. Lime and Fertilizer; 4. Purebred Livestock.

Will you read this until you have these projects well in mind to the end that a greater service may be rendered you? In Union there is strength.

### Early Soy Beans and Corn for Hogs.

Over a period of 20 years with the single exception of the fall of 1919 hogs have sold on a higher market in September than any other season of the year. It seems to me therefore, to be the part of wisdom and good farm management for each farmer to be ready for this market. With that in view I especially recommend that farmers of Fulton County plant some early soy beans (Haberlandt variety) with some early corn for hogging off. If this combination is planted reasonably early you

# ALMONT

## Description and Pedigree

This fine stallion, Almont, is 11 years old, 16 hands and 1 inch high, is a rich blood bay of fine conformation and a natural saddle horse. He was sired by Bedford, he by Duplex, of Murfreesboro, Tenn.

He will make the present season at my stable on the S. L. Dodds East Farm, east of Hickman. Terms to insure living foal **\$15.00**

## BLACK PRINCE

Black Prince was sired by Satin, he by Jordan's Hancock. First dam by Lookout, 2d dam by Imported Paragon. He is coal black with white points and a fine breeder. Terms to insure a living foal **\$15.00**

## JOHN BRASSFIELD

This is a very fine 5-year-old jack. Coal black with white points. A very fine breeder. Terms to insure living foal **\$15.00**

## REUBEN

Reuben is a fine jack, which will also make the season at my stables. Terms to insure living foal **\$10.00**

All the above stock will make the season on same conditions as Almont. Care taken to prevent accidents, but will not be responsible should any occur.

This is the same stock owned by B. T. Banton of Obion county, Tenn., and needs no introduction to breeders of this section. Any one desiring to settle for 1920 season can settle with Vernon Jones, who will have charge of stock this season.

**T. A. PRATHER, JR.**

will be ready for the hogs by July 15th, or August 1st, and this will enable you to get your hogs on the market by Sept. 15th. This is earlier than the corn belt farmers can get their hogs to market and consequently is a better market.

There is no better practice than planting soy beans in corn and hogging them off. With this sort of practice the land will continually gain in fertility even though you cultivate it each year. Don't forget, the early soy beans sown for seed in rows 30 inches apart, is going to be a good money crop this year. You will do well to diversify and plant some this year.

### Poultry Diseases.

White Diarrhoea. This is the earliest disease to attack chicks. The first four days of the baby chicks life is more susceptible to this disease. It is caused by a germ which often gets into the eggs before hatching due usually to careless handling of the eggs. It is characterized by profuse diarrhoea usually white in color although it may be brown or glairy or even bloody.

Prevention. There is no practical remedy after the chick gets it. The prevention is in using good vigorous eggs and until they are set they should be kept in a cool dry place where the air can freely pass about them. Contagious Catarrh (or Roup) is a common disease of chicks characterized by secretions from the nostrils and later from the eyes. The eyes are swollen and held closed most of the time. It spreads rapidly through the flock. The sick chicks should be immediately separated from the flock. The treatment is not practical except in the hands of a skilled person. It may largely be prevented by the use of sulpho carbonate of zinc in the drinking water.

Gapes. This disease is caused by a red worm about one-half inch long and which ordinarily lives in the soil. The worms on the eggs are picked up by the chick and they attach themselves to the inside of the windpipe and suck the blood from the chick. This may be in such numbers as to actually suffocate the chick. The chicks at this age are hardly worth the effort it requires to treat them. So the proper thing to do is to prevent the disease. The young chicks can be put out on fresh soil where other chickens have not been running with very little danger of the disease. They can be kept on the soil where chickens have been running by treating the soil with crude oil or kerosene. This will kill the worms. Lastly the chicks may be kept on a floor until they are out of danger of this disease. The most important thing to observe in successful poultry husbandry is to keep the houses and grounds sanitary. Sulpho-Carbonate of zinc should be kept in the drinking water at all times. They should have only fresh water and at least twice a week the watering utensils should be scalded with hot water. The house should be disinfected with the following mixture sprayed on:

5 quarts cream of lime made by slacking the lime and adding enough water to make a heavy milky solution. 1 pint

of zenalium, obtained at any drug store. 1 quart of kerosene coal oil. This spray will control both lice and mites.

O. L. Cunningham, Co. Agent.  
Farm Bureau Office, Hickman.

### To Stop a Cough Quick

take HAYES' HEALING HONEY, a cough medicine which stops the cough by healing the inflamed and irritated tissues. A box of GROVE'S O-PEN-TRATE SALVE for Chest Colds, Head Colds and Croup is enclosed with every bottle of HAYES' HEALING HONEY. The salve should be rubbed on the chest and throat of children suffering from a Cold or Croup.

The healing effect of Hayes' Healing Honey inside the throat combined with the healing effect of Grove's O-Pen-Trate Salve through the pores of the skin soon stops a cough.

Both remedies are packed in one carton and the cost of the combined treatment is 50c.

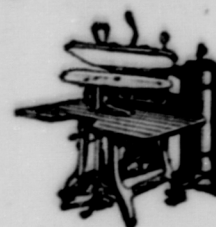

Just ask your druggist for HAYES' HEALING HONEY.

## EXTRA!

Watch the man with the bundle.

He carries a present for you

On SATURDAY AFTERNOON, MARCH 26

—a man with a bundle that contains a present for you will be walking around the FLOOR of the Live Store Clothing Co.

If you pick him out from the crowd and step up to him, saying, "Are you the man with the bundle?" his answer will be, "Yes; here it is," and you will receive, absolutely without charge to you, a pair of \$12.00 Stacy-Adams Shoes. In case the ones in bundle do not fit, we will give you a pair to fit you.

You must ask him just the words given, "ARE YOU THE MAN WITH THE BUNDLE FOR ME?" If you use any other words he will not answer, (even if he is the man). He will be on the street in the block only in which THE LIVE STORE IS LOCATED. Now, to make it easier for you to pick him out, he will give you the exact time he will be on the floor. It will be between three-thirty and four o'clock. To make it still easier, he will be somewhere around the Shoe Department in the rear part of the LIVE STORE at the time given above.

## Final Wallop!!

Time is short. The BARGAINS ARE FLEETING! YOU SKEPTICS, YOU UNBELIEVERS, YOU ECONOMICAL: TO YOU, I say, Follow the crowds of WISE ONES to the Bargain Avalanche. Its the END; the FINISH, the WINDUP of the LIVE STORE'S most Drastic, Price Slashing Sale, and the final hanging of "OLD HIGH PRICES."

### FROM COURIER FILES

#### TEN YEARS AGO

The six-room residence of Tom Thomas, in East Hickman, burned. It contained timber from the old court house, which was torn down several years ago.

The Industrial League's sale of lots opened yesterday and was well patronized.

The Minneapolis ball team "played against itself" in a game for the benefit of the Catholic church.

#### FIVE YEARS AGO

Corn shipments from Hickman have been more or less delayed this week by reason of not being able to get sufficient cars.

Coleman C. L. Walker was elected Dictator of the local Moose lodge at their annual election.

Paul Reynolds, aged 30, died at Water Valley.

The new laundry seems to be getting all the business it can handle.

John Smotherman of Blythesville, Ark., and Miss Maude Moore of this place were married.

It was said that Major Markham, being displeased that this section was not doing its part, threatened to abandon the levee in this district.

T. A. Ledford sold a bale of cotton in Memphis at 22c a pound, which was the highest price paid in that city this year.

Minneapolis and Columbus will treat the local fans to the "opening game of the season" Tuesday afternoon.

**Habitual Constipation Cured**  
in 14 to 21 Days  
"LAX-FOS WITH PEPSIN" is a specially-prepared Syrup Tonic-Laxative for Habitual Constipation. It relieves promptly but should be taken regularly for 14 to 21 days to induce regular action. It Stimulates and Regulates. Very Pleasant to Take. • 60c per bottle.

Cold settled in the muscles of the neck, arms or shoulders makes every movement painful. Use Ballard's Snow Liniment. It relieves pain and relaxes the muscles. Three sizes, 30c, 60c and \$1.20. Sold by Hickman Drug Co.

### DON'T RISK NEGLECT

Don't neglect a constant backache, sharp, darting pains or urinary disorders. The danger of dropsy or Bright's disease is too serious to ignore. Use Doan's Kidney Pills as have your friends and neighbors. Ask your neighbor! A Hickman case.

John Provow, barber, 810 Jackson Ave., says: "From overworking and standing on my feet, my kidneys became affected and my back pained with sharp, shooting pains across the small of it. The secretions were irregular in passage and I had to get up a few times at night. The secretions were highly colored and scalding in passage and I was annoyed quite a bit. As I had known of Doan's Kidney Pills for years, I used them and was helped. I can certainly say a word of praise for Doan's."

The above statement was given October 18, 1916 and on December 3, 1920, Mr. Provow said: "I have the same good opinion of Doan's Kidney Pills as when I endorsed them in 1916. I always take Doan's when my kidneys bother me and they relieve me promptly."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Provow had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

## DADDY OF ALL THE AUTOS

Probably First Really Workable Machine in National Museum Now.

A funny-looking rig which is probably the oldest American automobile in existence has just been given a prominent place in the National museum at Washington.

This vehicle was made in 1893 by Charles Duryea. It is literally an old-fashioned phaeton carriage with an engine fastened at the back and a long steering rod which worked up and down sideways conspicuous in the front. To start the engine the driver had to go to the back of the car and crank. He had to get out to shut off the engine when he stopped the car. But in many ways this primitive automobile is closely related to the superior car of today.

Duryea saw that his motor wagon could not turn corners easily on ordinary wagon axles. He therefore made use of a differential, so that the outside wheel could revolve faster than the inside wheel in making a turn—a fundamental principle of every modern car. He used a spray carburetor, not very unlike the modern carburetor; electric ignition, water cooling, and other features which later makers improved but have not replaced.

### MADE NO SORT OF A HIT

Young Man's Christmas Present to Girl Was, to Say the Least, Somewhat Inappropriate.

A certain young man of Frankfort did his Christmas shopping early this year, profiting from last year's experience when, he says, he was prince of the givers of inappropriate Christmas presents.

Christmas time last year found him in a western army camp. He had thought little of Christmas until various packages for him arrived. Among these was a present from a young woman, who lived in a southern city. With only a few days left, and a very limited field for shopping, he began his Christmas buying.

Fortunately, the Indians were offering some pretty wares, and he did some hurried buying. Finally, with a smile of satisfaction and a sigh of relief, he mailed his last parcel at the post office.

His satisfaction soon changed to consternation when suddenly he remembered that the young woman had been forced to have a leg amputated and, naturally, was very sensitive concerning her misfortune.

He had sent her a pair of beaded moccasins.—Indianapolis News.

### City Now Immune From Storm.

The existence of the great sea wall at Galveston, which recently saved the city from another of the great storm disasters, will be completed the coming summer, according to the engineers in charge of the work. More than 9,000 feet already have been constructed and 1,200 feet more remain to be built. The cost of \$1,500,000 will be borne by the government. After the terrible storm of 1900, in which hundreds of lives were lost and damage to the extent of millions of dollars was done, the original sea wall was built at a cost of \$2,000,000. The new extension is expected to strengthen greatly the seaport, which is an island with only a sand foundation. After the great storm, in one of the greatest engineering feats on record, the entire city was raised 20 feet above its previous level.

LOOK WHAT'S COMIN' TO 'EM  
She: They say opposites should marry.  
He: That's the objection to being a thin man.

His Argument Too Emphatic.  
His language was so bad that "young ladies passing the house put their fingers in their ears," said a policeman when charging a man in Uxbridge, suburb of London, England, with having used bad language. The man replied that he was only arguing with his wife, while a witness declared that he wasn't arguing but "a-tellin' 'er."

This Man Hard to Convince.  
Lieut. J. C. Cramstoff of the United States army was declared "killed" in official reports, but stoutly refused to believe it. His corpse has been exhumed and brought back from France, but the lieutenant still declines to acknowledge that he is dead, and to identify the body as his.

Many Willing to Marry Him.  
One hundred and eighty applications were received from women offering to marry a Canadian railway man who asked the Preston (England) guardians to provide him with a wife. The board has appointed a man and a woman to deal with the letters.

### HEALTH AND WELFARE COMMITTEE DISCUSSES PLANS

The committee appointed to carry on the drive for the Health and Welfare League met Tuesday night at the Hickman Bank and Trust Co. and discussed plans for the individual, house-to-house canvas, which will be carried on from now until April 2nd. This money must be in at state headquarters, April 15th. If Fulton County is to receive her share of the state and national aid.

The committee believes that there are enough people in this community who want to protect the lives of their children, who see the necessity of two working community nurses, to make the raising of this \$2500 a quick matter. Many of our best business men in Hickman have been heard to say that they consider it a good investment. A healthy town is a prosperous town. If sickness makes the individual weaker and poorer, it affects the town the same way.

### RALPH CUNNINGHAM

Died, Monday afternoon, March 14, 1921, at his home in Union in this county, Ralph Cunningham, age 35 years.

Mr. Cunningham had been ill for several years with pulmonary troubles and a brave fight was made to prolong his life, but a steady inward was made on his strength by the insatiable disease, and the physicians and family finally realized that the end was near.

He recognized this fact himself and met the approach of death like one "wraps the drapery of his couch about him and lies down to pleasant dreams."

Ralph Cunningham was the grandson of Dr. R. C. Cunningham, well known in this county and the son of Dr. R. C. Cunningham, Jr., who died a number of years ago in the Mississippi delta where he practiced medicine.

He was married about twelve years ago to Miss Jessie Brown and by this union four children were born. He was a young man of fine character and bright intellect. He was of a social turn of character and made friends wherever he had acquaintances. During his illness his friends frequently came to see him and ministered to him in every way possible to make his last hours of life comfortable and pleasant. He leaves his wife and four children and his mother, Mrs. Jones, and sister, Mrs. E. A. Mayfield, of Cayce, Ky., and many friends to mourn his loss.

The funeral services were held in Union church Tuesday afternoon, conducted by Rev. Baker, pastor of the Methodist church at Verona. The interment took place in the cemetery at Verona where many friends assembled and brought flowers to be laid above his last resting place.—Tupelo (Miss.) Journal.

### KATHERINE MacDONALD AT REX.

Today at the Rex Katherine MacDonald plays the leading role in "The Thunderbolt." She is claimed by some to be the most beautiful woman on the screen and we are told that "The Thunder" is an unusually good play.

Grove's Tasteless chill Tonic restores vitality and energy by purifying and enriching the blood. You can soon feel its strengthening, invigorating effect. Price 60c.

More than 2,000 Kentucky physicians, who held permits last year to prescribe liquor, have declined to apply for permits this year, according to announcement of J. Sherman Porter, chief prohibition inspector. The State Board of Health has taken this stand that whiskey is not necessary in practicing of medicine and the majority of the physicians assert that the permits are too risky to bother with.

Monday at The Rex—Reahart presents the biggest hit of the season: "Behr Daniels, in "Duck and Drakes." This is one of the latest pictures on the market now playing the first run in the largest cities. You will miss a good one if you miss it. Admission 10 and 20 cents.

Today at The Rex—The most beautiful woman on the screen, Katherine MacDonald, in "The Thunderbolt." This is a romance of the strangest marriage on record and is a great picture. Admission 25 cents.

### GOVERNMENT SEED.

The Courier, through the courtesy of Congressman A. W. Barkley, has received a quantity of government seed, including several varieties of vegetables, which may be had by calling at this office and asking for them. At this season of the year, they are in great demand, so you had better come early if you want your share.

### WOULD TIGHTEN UP VOLSTEAD ACT

Reported Move Causes Scramble on Committee to Frame Bill.

Reports that prohibition leaders in Congress were planning to tighten up the Volstead law have opened a regular scramble for assignments on the House Judiciary Committee, which will frame the amended law. If one is to be introduced at the extra session next month. The committee heretofore has consisted of twenty-one members, thirteen Republicans and eight Democrats. The new lineup, because of the increased Republican majority, will be fifteen Republicans and six Democrats. Regardless of this political division there are seven places to be filled, most of them on the Democratic side. If all should be given to anti-prohibitionists the dry forces still would be in supreme command.

Friends of Chairman Volstead declared that the movement recently started in some quarters to oust him from leadership had about petered out.

### CHARITY BALL THURSDAY NIGHT.

A dance was given last Thursday night at the Woodman Hall immediately after the close of the home talent play at the court house, the proceeds of which were to go to the Associated Charities fund. Although the devotees of the Terpsichorean art were not present in the abundance which was desired, and the proceeds correspondingly did not produce as large a sum for charity as the promoters wished, those who were present thoroughly enjoyed the evening's entertainment.

Prizes which were offered to the best lady and gentleman dancer were won by Miss Rose Provow and John A. Stubbbs, Jr.

## PRICES 38.5 LOWER THAN IN MAY, 1920

Wholesale Figures Show Decline of 34 Per Cent in February.

Wholesale prices of commodities continued to decrease in February with a drop of 54 per cent for the month, or a total decrease of 38.5 per cent from the high peak of May, 1920, said the monthly bulletin issued by the bureau of labor statistics.

Food declined 7 per cent for the month, or 38 per cent from prices a year ago, the bulletin said; building materials, 7 per cent for the month, or 26 per cent below prices a year ago; farm products prices, 1.4 per cent during the month, or 45 per cent for the year; cloth and clothing prices 4.34 per cent for the month, or more than 44 per cent for the year.

Fuel and lighting prices dropped 4.12 per cent from January prices, but still showed an increase of 16.5 per cent over prices a year ago.

Of the 327 commodities included in the comparison, 207 showed a decrease for the month and 33 showed an increase. In 87 cases no change in charge was recorded. Of these a majority were in the food and clothing groups.

### BILLY SUNDAY TO HOLD REVIVAL IN PADUCAH.

The announcement comes from the Protestant Ministers' Association of Paducah that Billy Sunday, the famous evangelist, has agreed to hold a revival meeting in that city in 1922. He had so many dates scheduled that it was impossible for him to come sooner. As Sunday has never been in this section of the country before, a large number of visitors will be expected, and the revival will be conducted under a large tent or a special auditorium may be built to accommodate the crowds.

### WHO'S GOT NO. 809?

In the drawing Monday morning No. 809 was the lucky number. The Canary bird at the Hickman Drug Company goes to the holder of that number. If you are the lucky one present the number and get your Canary.

### ENTERTAINS AT LACLEDE.

Mrs. Ellis Dobson entertained the members of the cast of "The Elopement of Ellen" with a dinner party at the LaCled Hotel Monday evening, where a delightful dinner was served. Immediately after dinner, the guests were taken to the Rex Theatre to see Mary Miles Minter in "All Souls' Eve," completing a most enjoyable evening. Those present were Ellis Dobson and wife, Mrs. Anna E. Sims, Misses Mary Moore, Dorothy Moore, Carrie Male Reid, and Ruth Barrett and Rob Copeland, David Oliver, Seth Curlin and Harry Crain.

A. T. Hert, Republican national committeeman from Kentucky, has declined to consider an appointment as ambassador to some foreign country, or as President Harding's representative on the government reorganization commission. In a letter made public this week President Harding assured Hert that he could have an attractive post in the diplomatic service had he allowed his name to be considered. Mr. Hert gave no specific reason for refusing to allow the consideration of his name.

## \$1,000 The New, Low Price of the International 8-16 Tractor!

WE have reduced the price of the International 8-16 tractor to the rock-bottom figure—\$1,000 f. o. b. Chicago, and are now releasing it for sale in all parts of the United States. The International 8-16 is a three-speed, four-cylinder, two-plow tractor which operates on kerosene. Its popular, efficient record is based on its practical design and strength of construction, large replaceable bearings, centralized auto-control, accessibility and protection of working parts, dependable oiling system, and other features.

The \$1,000 price includes:

Rear Wheel Fenders  
Platform  
Throttle Governor  
Clutch-operated Pulley  
Adjustable Drawbar  
Water Air Cleaner  
Extension Wheel Lugs

**Titan 10-20 and International 15-30 Again at Rock-Bottom Prices**

You can now also buy Titan 10-20, the standard three-plow farm power unit, for \$1,000 f. o. b. Chicago. This is the same world-famous Titan tractor which has been put into remarkably successful service by 75,000 farmers. Titan at \$1,000 includes all the essentials and conveniences listed with the International 8-16 above.

The International 15-30 Tractor has been reduced to \$1,950 f. o. b. Chicago.

Bear in mind that we give unequalled service, made possible through 92 branch houses and thousands of local dealers, to every International tractor owner, no matter where located.

## NEW ROLLER BIT IS NOW INSTALLED

Work Going On Steadily at the Bon-  
durant Test Well.

Work on the test well of Roney, Mit-  
chell & Bauer at Bonduant, suspended  
last week to procure a different kind of  
bit, has been resumed, and the drilling  
is now going forward at a steady pace.  
The bit which was being used—a fish-  
tail bit—was not suitable for drilling  
in the hard cap-rock which was struck  
about a week previous; a roller bit, es-  
pecially adapted to that kind of work,  
had to be secured. Drilling was stopped  
for a few days, and the necessary in-  
strument secured in Houston, Texas.  
It arrived the first of the week and  
drilling was resumed Wednesday morn-  
ing.

With the acquisition of this bit, it is  
expected that work will continue stead-  
ily. The depth now reached is a little  
over 2,000 feet.

Mose Barkett, formerly of this city  
and well known to Hickman people, is  
reported very low with tuberculosis at  
his home in Wichita Falls, Texas, with  
no hopes for recovery. He has been in  
very poor health for the past two years  
and has been confined to his bed for  
some time. W. S. Barkett, of this city,  
and Jim Barkett, of Cairo, left the lat-  
ter part of last week to attend his bed-  
side.

On Tuesday afternoon from three to  
five, Mrs. A. M. Alexander informally  
entertained at two tables of bridge in  
honor of Mrs. Fred Stokes, of Water  
Valley. A salad course and hot choc-  
olate were served. The guests were  
Messdames Ellis Dobson, Herman Brad-  
ley, C. T. Bondurant, B. R. Turpin, W.  
R. Amberg, Karl Talley, and Miss Mary  
Hollan.

The wheat crop and the alfalfa crop  
in the lower bottoms are looking splen-  
did. The wheat is growing off nicely  
and there seems to be a good stand

alfalfa crop is well advanced for this  
season of the year and promises a good  
yield and an early crop.

## SMALL WEDNESDAY MORNING BLAZE

Smoke and Water Damage Two Build-  
ings and Contents.

Fire broke out Wednesday morning  
at about five o'clock in the rear of the  
office of W. A. Dodds at the east end of  
Clinton Street. The fire department  
was called out and soon had the blaze  
well under control, little damage re-  
sulting from the flames.

The building next to Mr. Dodds' of-  
fice occupied in the lower floor by the  
Plumbers Supply Company and on the  
second floor by the Elks Lodge, was  
damaged to some extent by the smoke  
and water, although to what extent has  
not been learned. The loss in each in-  
stance was partly covered by insurance.  
The prompt and effective work on the  
part of the fire department probably  
prevented the further spread of the fire,  
and Chief Posey and his corps of as-  
sistants are to be congratulated on their  
good work.

### CONGRESS IS URGED TO ACT

Five Provisions Requested in Aid of Disabled Veterans, Amending Vocational Training Law.

Amendment of the law under which disabled veterans of the World war are given vocational training, so as to provide five things demanded by the last convention of the American Legion at Cleveland was urged in congress by Legion representatives. The five provisions requested by the Legion are:

1. Vocational training for American citizens who served with the allied armies, who were disabled and who are not entitled to training under the present law.

2. Training with pay for all disabled veterans with 10 per cent or more disability, instead of training with pay for some and training without pay for others, as now provided.

3. Vocational training for the widows and orphans of all men who died in the service.

4. The right of the federal board for vocational education to give all disabled men in training such medical care and treatment as is necessary to keep them at their courses.

5. That all disabled men in training shall receive \$100 a month from the government while in training and those with dependents \$120 a month, instead of different sums based upon the cost of living in different localities as now provided.

A special plea was made by John Thomas Taylor of the national legislative committee of the Legion for vocational training for the widows and orphans of the American dead of the World war. He said that undoubtedly the 50,000 American children whose fathers slept in Flanders fields were entitled to the same educational advantages that they would have had, were their fathers alive and able to provide for them. The widows of the men who died in France, he added, were likewise entitled, the bread-winning member of the family having been killed in defense of the country, to be taught some kind of work of trade.

### EDITOR WAS ON FIRING LINE

Commander of Missouri Department of Legion One of Many Newspaper Men Who Heard Call.

John Francis Williams, commander of the Missouri department of the Legion, is one of thousands of newspaper men who left their typewriters when the war broke out. Enlisting as a private in the Missouri National Guard, Mr. Williams rose to the rank of first lieutenant.

In the A. E. F., he served as a machine gun officer with the Thirty-fifth division in the Vosges mountains and in the Argonne-Meuse drive. After the armistice, he served as instructor in the A. E. F. university at Benneville and later assisted in publicity in connection with the interallied games.

Mr. Williams, who is a member of Robert S. Therman post 13, Joplin, Mo., served as post commander and state master-at-arms previously to his election as department head. He is editor of the Joplin News Herald.

### ORGANIZATION IS HIS TASK

Spokane (Wash.) Man Will Supervise Work of Enrolling Every Former Service Buddy.

Edward H. Prell of Spokane, Wash., was recently appointed director of the organization division at national headquarters of the American Legion. He succeeds Russell G. Creviston, who is now assistant national adjutant.

Mr. Prell served overseas with the One Hundred and Forty-sixth field artillery and participated in two major offensives of the World war. After his discharge from the army, Mr. Prell was active in the early organization of the Legion in his state. The supervision and direction of the Legion's 1921 campaign to enroll every eligible former service man in its ranks will be in the hands of the new director.

### No Worms in a Healthy Child

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a general strengthening tonic to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take. 60c per bottle.

### MINERAL MIXTURE FOR HOGS

Some Farmers Prepare Corn Cobs, Bone and Limestone—Another Good Preparation.

Some farmers prepare mineral mixtures for their hogs by using burnt corn cobs, burnt bone and ground limestone, which is all right, but frequently it is overlooked. A good home-made mineral mixture for hogs is as follows: Three bushels charcoal, two quarts air-slaked lime, eight pounds salt and one bushel wood ashes.

Strictly home cooking at Frost's.

### CARING FOR BREEDING DUCKS

If Not Kept for Production of Market Eggs Fowls Should Be Given Grass Range.

Breeding ducks, if not kept for the production of market eggs, should have a grass range, if possible, after the hatching season is over and be fed sparingly on a mash of 1 part, by weight, corn meal, 2 parts bran, 1 part low-grade wheat flour, 1 part green feed, 8 per cent beef scrap and 3 per cent grit, given once or twice daily, with one feed of mixed grains; or the mash may be made of 3 parts, by measure, corn meal, 4 parts bran, 2 parts low-grade wheat flour, three-fourths part beef scrap, and 2 parts of green feed, with a small amount of grit and shell or mineral matter.

Feed Pekin ducks for eggs, beginning about December 1, on 1 pound of corn meal, 1 pound of low-grade flour

or middlings, 1 pound of bran, 15 per cent of beef scrap, 15 per cent of vegetables or green feed, and some grit, feeding this mash twice daily, in the morning and at night; also giving 1 quart of mixed corn and wheat to every 30 ducks at noon when they are laying heavily. These laying rations should be fed throughout the year to Indian Runners or to any breed of ducks kept principally for the production of market eggs, poultry specialists of agriculture say. If the Indian Runner ducks are not laying, they should be fed sparingly. All rations are by weight unless otherwise stated. Thirty laying ducks (Pekins) will eat about 10 quarts of moist mash at each meal.

### FEEDING FOWLS FOR PROFIT

Early Hatched Chick Will Reach Laying Maturity Before Commencement of Cold Season.

The first rule for getting a good profit from poultry is to get the chicks hatched early, and the next is to keep them growing so that they will reach laying maturity before the commencement of cold weather. There is no profit in keeping a chicken just alive, whether it is intended for laying stock or for the market. One reason why more care should be exercised in feeding fowls is that the chicks know less about what is good for them than do the fowls. The healthy chick is a hungry thing and will eat what is given it; the digestive organs being weak are less able to dispose of objectionable feed than are those of older fowls.

Young chicks should be fed a little at a time and often, poultry specialists in United States department of agriculture say. They should be fed early in the morning and just before going to bed at night, and not less than three times in the intervening period. For the first two weeks they may be fed three meals of soft feed and two of hard, and after that age two of soft and three of hard, less soft feed being fed as they grow older. No more moistened soft feed should be given at one time than they will eat up clean.

## ASPIRIN

Name "Bayer" on Genuine

Warning! Unless you see the name "Bayer" on package or on tablets you are not getting genuine Aspirin prescribed by physicians for twenty-one years and proved safe by millions. Take Aspirin only as told in the Bayer package for Colds, Headaches, Neuralgia, Rheumatism, Earache, Toothache, Lumbago and for Pain. Handy tin boxes of twelve Bayer Tablets of Aspirin cost few cents. Druggists also sell larger packages. Aspirin is the trade mark of Bayer Manufacture of Monoacetic-acidester of Salicylicacid.

If its good to eat we have it. The very best of service at Frost's.

## After Thorough Trial a Detroit, Mich., Man Endorses Pe-ru-na

The following letter written from Detroit, Michigan is no snap judgment expressed on the merits of Pe-ru-na, the well-known catarrh remedy, but rather a mature, sober opinion formed after a full year's trial.

This is the way Mr. Michael Fako of 908 East Palmer Avenue, in the Michigan Metropolitan, writes: "After using PE-RU-NA for about one year will say I have found it a very good medicine for catarrh. It has helped me a great deal and I am very well satisfied. I have gained in weight, eat and sleep well, my bowels are regular and better color in my face."

"PE-RU-NA has done wonders and to me is worth its weight in gold. I shall continue to use PE-RU-NA as long as I live and recommend to my friends who are troubled with catarrh."

Nothing can be more convincing than an endorsement of this nature from an actual user. There are many people in every community whose experience, in using Pe-ru-na, has been identical with Mr. Fako's. It is the standby for coughs, colds, catarrh, stomach and bowel disorders and all catarrhal conditions. Put up in both tablet and liquid form. SOLD EVERYWHERE.

# OLD-TIME DRUMMER

## BACK ON THE JOB

The old-time traveling man, a familiar figure in day coaches and about whom innumerable stories, humorous and otherwise, have been told, is coming back into his own.

He has been almost extinct for a time for with the rush of business done during and just after the war firms had sufficient trouble trying to fill orders that came to them without sending men out after more.

But now, with the feeling among the money-spending public that the time for squandering has ended and the resultant drop in demand, the old-time "drummer" is again out "drumming up" trade.

Tradesmen have taken to buying only in quantities needed for immediate use, for they do not want to be caught with high-priced goods when a slump comes; and so the salesman is kept on the move—is the busiest man with many firms, for on his ability to get orders depends the welfare of the firm.

The "drummer" is faced with the necessity since he can't get large orders, of getting more orders, so that

curtailment of production with the cutting down of working forces will not be necessitated.

And the increased activity on the part of salesmen has given joy to another—the rural hotel keeper, for now he can keep his place open—for the keen competition between companies has increased the number of salesmen, and where only one stopped at his hotel last year, three and four at a time are patronizing the hotel keeper this year.

## SEASONABLE GOOD THINGS.

The lima bean lends itself to so many good dishes, hot and cold, soups as well as salads that it should be often upon our tables.

**Italian Lima Beans.**—Cut one-third of a cupful of fat salt pork into dice and fry until brown. Add one large onion sliced thin, remove the pork and bits of onion and add the cooked drained beans to the fat in frying pan. Add six tablespoonfuls of tomato juice or catsup, season to taste with salt and pepper and cook until dry.

**Frozen Chocolate Pudding.**—Pour one cupful of boiling water over one-half cupful of sugar and six ounces of grated chocolate; stir until thick and smooth, then let cook. Mix lightly three cupfuls of whipped cream flavored with vanilla, turn into a fancy mold, cover securely and pack in ice and salt. Let stand for five hours. Serve with preserved strawberry sirup.

**Stewed Beef and Cucumbers.**—Take a round of beef weighing two to three pounds, brown it quickly in beef drippings. Remove to a deep kettle and brown two sliced onions and three cucumbers which have been pared and quartered and the seeds removed. Add these to the meat; then to the fat in the pan add sufficient flour to absorb it. Stir until browned; then add half a pint of boiling water. To this add an equal quantity of stewed and strained tomato; pour over the meat, season with salt and pepper, cover and simmer for two and one-half hours. Serve the meat on a platter with the vegetables and the sauce around it, garnishing with triangles of fried bread.

**Surprise Pears.**—Pare and core pears and put a bit of preserved ginger into the center of each. Season cold-cooked rice with sugar, salt and lemon juice. Make the rice into a paste with the yolks of two eggs well beaten. Cover each pear with rice, dip in crumbs, then in beaten egg, then crumbs and fry in deep fat.

## RAISED BIG CHRISTMAS FUND

Adjutant of Illinois Department of Legion Had Aid of Actress in Raising Christmas Money.

When William Q. Settle, adjutant of the Illinois department of the American Legion, started the Legion campaign which raised \$50,000 for Christmas entertainments for sick and disabled veterans in Illinois hospitals, he called upon Miss Floe Bert, a well-known actress, to assist in making the undertaking a success.

Miss Bert gave a large number of entertainments in Illinois cities, the proceeds of which were applied to the Legion's fund.

## CAREFUL IN FEEDING CHICKS

Little Fellows Will Grow More Rapidly if Fed Five Times Daily if It Is Done Right.

Young chickens should be fed from three to five times daily, depending upon one's experience in feeding, says the United States department of agriculture. Undoubtedly chickens can be grown faster by feeding five times daily than by feeding three times daily, it should be borne in mind that more harm can be done to the young chickens by overfeeding than by underfeeding, and at no time should they be fed more than barely to satisfy their appetites and to keep them exercising, except at the evening or last meal, when they should be given all they will eat. Greater care must be exercised not to overfeed young chicks that are confined than those that have free range, as leg weakness is apt to result in those confined.

**Definition of Suede.**  
This name, given to a kind of undressed kid leather, is simply the French word for "Sweden." The velvet finish is supposed to have originated in Sweden and it was applied at first to kid and not to calfskin. The process of making it involves buffing on an emery wheel the flesh side of the leather, so as to produce a sort of nap or velvety surface. Some makers of leather adopt a different process, buffing or scouring off the grain side of the leather to produce the nap.

The ladies of the Baptist Church will have a food sale Saturday before Easter—March 26—at 2 o'clock in the lobby of the LaCade Hotel. 4128

## CAUSE OF TURKEY FAILURES

When on Free Range There is No Overfeeding and Necessary Exercise is Obtained.

Improper feeding combined with close confinement, has been the cause of many failures in turkey raising. When on free range the turkeys are busy most of the day searching for feed. Here there is no overfeeding and lack of exercise, such as turkeys are often subjected to by those ignorant of their wants. If the range is plentifully supplied with green feed, grasshoppers, and other insects, and if the weather is favorable, the best plan is to allow the turkeys to feed themselves. It is usually advisable, however, to have them come home at night, and if driven up and fed at a certain place every night they will soon learn to come up themselves.

When, on account of rainy weather or unfavorable range conditions, it is advisable to raise the turkeys by the coop method, more care must be given to their feeding.

Successful turkey raisers use many different kinds of feed. Some suggested by the United States department of agriculture poultry specialists follow:

Hard-boiled egg chopped fine and corn-bread crumbs for the first week, and then whole wheat and hulled oats; stale bread, soaked in milk and squeezed dry, for the first few days, and then common chick feed; clabbered milk seasoned with a little salt and pepper, corn-bread crumbs; equal parts "pinhead" oats, whole wheat and cracked corn; cracked wheat; corn meal and wheat bran mixed in the proportion of three to one and baked into bread; and bran or middlings one-half, cracked Egyptian corn one-quarter, wheat and hulled oats one-quarter.

In addition to the above, skim milk and buttermilk are quite often fed, with excellent results. A good plan is to keep the milk in front of the turkeys during the morning and water

Bronze Turkey Hen.

during the afternoon. If grit and green feed cannot be picked up outside the coop, they must be provided in some other way. Chopped onion tops, lettuce leaves, dandelion leaves, and alfalfa make excellent green feed. Grit can be furnished in the form of coarse sand.

## IMPROVING CHICKEN FLOCKS

One Florida Farmer Has 200 Cocks and 950 Hens, All Standard Bred White Leghorns.

The large number of well-bred flocks of poultry and the skillful methods used in improving them are becoming more and more evident with the development of the "Better Sires—Better Stock" campaign. One Florida poultry farm, recently enrolled, has 200 cocks and 950 hens, all standard bred, single-comb White Leghorns. In addition, they are line bred for high egg production and the flock has been trap nested for 24 years. The owner states that in addition the fowls are of good exhibition type.

## OBJECTS IN CULLING FLOCK

Insures Feed for Best Layers and Saves Fowls Best Suited for Breeding Purposes.

Culling of the flock serves two purposes: First, it insures that the feed will be consumed by the better-producing hens, thereby increasing the profit. Second, it makes it possible to save those best suited for breeders, both on account of their better production and on account of their superior strength and vitality—qualities so essential to layers if they are to stand up under the severe strain of heavy laying. Weeding out the poor hens gives those left more room and a better chance.

Beat until creamy, turn into a greased, straight-sided tin and when partly cool, mark off into small squares.

**Note**—Government officials call attention to the fact that popped corn "is superior to most breakfast foods." As pop corn is higher in digestible nutrients than even corn meal, which has long been held a standard for concentrated food quality, it can be readily realized that Butter-Kist is in fact far and away ahead of even the higher grade breakfast foods.

**LOCAL TALENT  
IN GOOD SHOW****"Elopement of Ellen" Played to Crowded House Thursday Night.**

By Miss Frankie Reid.  
"The Elopement of Ellen" a three-act farce comedy given at the Court House on last Thursday evening was a complete success throughout and was greatly enjoyed by a packed house. The part of Mrs. Ford, a charming bride of six weeks, and the hostess at a week-end houseparty, was taken by Miss Mary Moore, who showed unusual talent and played excellently the part of the worried bride who finds herself suddenly without a maid. Seth Curdin, Jr., played the part of Mr. Ford, a devoted young husband, who smooths out all troubles, seemingly, and procures a new maid from an employment agency. Bob Conneland took the part of Robert Shepherd, who is the single brother of Mrs. Ford and one of her guests who is in love with Miss Haverhill. Miss Carrie Maie Reid took the part of Ellen, the maid sent to Mrs. Ford, who is really Miss June Haverhill, and has taken the position of maid to study the servant problem, and finds the situation distressing upon finding Mr. Shepherd, an ardent admirer of hers, there and the brother of her employer. The position grows more complicated when she finds that Max Teneych, a former flame is also there. The part of Max Teneych, the fickle and changeable lover, was cleverly played by David Oliver, who is engaged to Miss Dorothy March, another member of the houseparty, who got engaged to carry out provisions of an old aunt's will. The part of Miss March, his dainty fiancée, was played by Miss Dorothy Moore, who proceeds to break off the engagement and then cleverly wins him back again. Harry Cain, who took the part of the Rev. John Hume, the absent minded rector, was a scream throughout the entire evening and played his part perfectly. His love letters and his red, red rose of love were the amusing features of the play, and his attentions to dainty Miss March evoked much merriment.

Each and every part taken was played splendidly without a single bobble or minute's hesitancy from the beginning to the end and reflects much credit on Mrs. E. Dobson, who had been training them for the past few weeks. The stage was a bower of flowers and plants and very attractive. The garden party was especially pretty, using small cedar trees and Japanese lanterns. Hunziker's Concert Band, under Prof. A. J. Hunziker, was a much enjoyed feature of the evening, the band furnishing a number of selections before the play and three selections between each act, adding much to the evening's entertainment.

The play was given by Mrs. Dobson and the participants for the benefit of the Parent-Teachers' Association, the proceeds amount to about \$160. The Association received \$85 above expenses.

**APPEALS CASE.**

John Tolliver, of West Hickman, who was sentenced by a jury in a local court Saturday to a fine of \$100 and forty days in jail on a charge of breach of the peace by abusing and mistreating his wife, has appealed his case, through his attorney, Judge F. S. Moore. The hearing of the appeal will come up at the May term of Circuit Court before Judge Bank Gardner. Tolliver is out on bond, signed by a large number of citizens of West Hickman.

It was alleged that Tolliver left his wife just before she gave birth to a child.

**CARD OF THANKS.**

The Parent-Teachers' Association wishes to thank Mrs. Dobson for the very interesting play she presented for our benefit and to express our appreciation both for the contribution and for the excellent acting on the part of those in the play.

We want to thank too, those who loaned stage properties and assisted in other ways toward the play.

Committee.

The Woman's Club met Wednesday afternoon at the LaCade Hotel. The subject of the program was "The City Beautiful." Talks were given by Mesdames West, Stahr and Davis. The members are organized to aid in "clean-up week" and will use their best efforts to help devise a plan for disposal of waste paper, cans, garbage, etc. If our people generally are interested in better methods surely something can be done toward getting rid of unsightly rubbish and really making our hillside and ravines more attractive.

A meeting will be held at the Sylvan Shade School House on Friday night, by the Parent-Teachers Association. Dr. J. M. Hubbard, Mrs. Anna Sims, Mrs. O. L. Cunningham and H. G. Shaw will be present and speak. All members are urged to be there.

gleam  
As the golden lights hid there;  
And you loved the sun and the glancing  
beam  
And I—the gold of your hair.

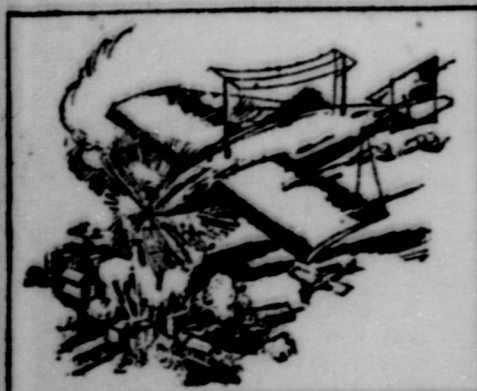

Then home at last through the dusky  
trees  
At the fall of the cooling dew;  
You thrilled for the kiss of the evening  
breeze  
And I for the kiss of you.

**PATENT FOR FLYING TORPEDO**

Illinois Man Has Devised War Wesp-  
on Propelled and Steered From  
the Sending Station.

Claud H. Hill of Quincy, Ill., has recently patented a flying torpedo which is propelled by wireless.

This torpedo is propelled and steered from the sending station, and thus may

Controlled in its Flight.

be directed by will through the air so as to strike an enemy target or drop to the ground in any desired place.

The torpedo has a pair of wings to sustain it in its flight, and its motor may be either electric or a gasoline engine. At the rear end are horizontal and vertical rudders.

For wireless control the torpedo carries masts which support antennae, by which it is directed by radio.—Philadelphia Public Ledger.
